Ice Cream Plant at Elemendorf.
An ice cream plant with a capacity of eighty gallons an hour is to be established at the Elemendorf dairy in Fayette county, and it will be ready for operation in ten days. The plant is now being fitted up and it is planned to furnish ice cream not only to the Blue Grass but also to Cincinnati. The establishment of an ice cream plant at the Elemendorf dairy has been talked of for more than a year, but only recently have the plans been perfected and definite arrangements for its operation made.

Old Soldier Tortured.

"For years I suffered unspeakable torture from indigestion, constipation and liver trouble," wrote A. K. Smith, a war veteran at Erie, Pa., "but Dr. King's New Life Pills fixed me all right. They're simply great." Try them for any stomach, liver or kidney trouble. Only 25¢ at Oberdorfer's

Dead Body Found.

The dead body of W. K. Boone, aged about forty, a well known Danville citizen, was found lying beside the Queen & Crescent track at Brannon, six miles from Lexington early Tuesday morning. His skull was fractured and the position in which he was lying indicated that he had fallen from a train and struck his head against the end of a cross tie. There were no other marks on his body. Boone bought a ticket from Lexington to Danville and investigation shows that he left on the late train for that place.

Planning Big Democratic Barbecue.

A big Democratic barbecue is being planned by Col. G. R. Keller and Senator Chas. W. Mathers, of Carlisle, to be held at Lower Blue Lick Springs, which is one of the most popular summer resorts in this section, the scene of the battle of Blue Licks, and located near the edges of Nichoals, Robertson, Harrison, Mason, Fleming, Bracken and other counties and easy of access, being on the old Maysville and Lexington turnpike.

It is planned to have the nominees for State offices attend and make speeches, and an effort will be made to secure the attendance of Senator John Sharp Williams, Speaker Champ Clark and others. Congressman Ollie M. James, nominee for United States Senator, will be especially urged to attend.

That the big meeting will be held is now certain, and Col. Keller and Senator Mathers are at Louisville with a view of securing the attendance of the speakers.

Farmers are offering free of charge lambs and beefs for the barbecue. Great interest in the suggestion is being taken, and every effort will be made to make the barbecue the greatest political meeting ever held in this section of the State. It will probably be held in August.

Hot Weather Specials.

Imported Swiss cheese, Roquefort, Brick and New York cream cheese, boiled ham, minced ham, bologna sausage and canned meats of all kinds 18 2t

Ice Plant Running at Full Capacity.

The fear of an ice famine in this section is relieved to a great extent by the plant of the Paris Ice Company resuming operations and is now running at its full capacity.

For several days the plant was out of commission as the result of a break in the machinery and it was impossible to meet the demand made for ice from adjoining towns and at the same time supply ice to plants in this city.

Orders in Paris were cut in half but the price for the manufactured product met with no advance. Carlisle probably suffered more than any other of the surrounding towns, due to the fact that it depended wholly upon the daily shipments from Paris.

When the supply ran short and the plant was operating on a scale to meet the demand in Paris the shipments to Carlisle were cut to less than half. Taking advantage of the scarcity of ice the distributors there put up the price, but necessity during the heated term forced a ready sale. The receivers there would not have the chance to unload the ice from the car as the Carlisle residents would gobble up the supply before it could be placed in storage, or on a delivery wagon.

Millersburg did not suffer much from the threatened famine, as last winter afforded the opportunity for many in that vicinity to fill their ice houses which served to relieve the situation at that point. With the local factory running at full capacity and twenty-four hours a day, there is no fear now of a famine threatening this section again and it will be possible for the management to assist other cities.

Cheaper Every Day.

Escaped to See Dying Wife.

Clarence Colbert, of Covington, 23 years old, who has been chased over all the Central States, being wanted for alleged forgery, was arrested near his father-in-law's home at Richmond Wednesday night. At the request of a detective from Indianapolis, who had trailed Colbert for many months, Colbert's wife, who was a Miss Hill, of Valley View, Madison county, was recently brought to the home of her aunt near Richmond, suffering from tuberculosis. She is in a dying condition.

The hunted man had come for a last visit to his dying wife when arrested. Accompanied by a detective he left for Indianapolis to face trial, having to leave a wife who can only survive but a few days.

Premiums for City School Pupils.

As an encouragement to the pupils of the city schools throughout the State, the Strassel Gans Paint Co., of Louisville, has offered a special premium of \$15 to be distributed at the Kentucky State Fair as follows:

1. Collection of 10 troublesome weeds, pressed and named—First prize, \$2; second, \$1; third, ribbon.
2. Collection of leaves, twigs and seeds of 10 native trees, pressed and mounted—First prize, \$2; second, \$1; third, ribbon.
3. Exhibit of flowers, fresh or pressed, raised in the home or school garden—First prize, \$2, second, \$1; third, ribbon.
4. Exhibit of 5 products, raised in the home or school garden—First prize, \$2; second, \$1; third, ribbon.
5. Collection of 12 kinds of seeds grown by one school in home and school gardens—First prize, \$2; second, \$1; third, ribbon.

Work of this character is being given much attention in the schools now and it is developing a love and appreciation of nature and an artistic sense in the children.

Blue Grass Seed Wanted.

MATRIMONIAL.

The London Echo says: "At the grocer's home in East London Sunday afternoon at four o'clock, Miss Maggie Lawson and Mr. George Black were united in marriage by Rev. R. L. Ewell. The bride is a very pretty young lady who has a large circle of friends. She is a daughter of Mr. George Lawson, of Lily. The groom is the son of Mr. and Mrs. Samuel Black, and one of the best young men the community has ever turned out. After visiting here for a few days, the young people will go to Paris, where Mr. Black has furnished a handsome little cottage."

Mr. John T. Reynolds, Jr., and Miss Elizabeth Dickey, of Cynthiana were married Monday at Lexington. The ceremony was performed by Rev. I. J. Spencer, of the Central Christian church, at his residence. The bride, a daughter of Mr. and Mrs. John W. Dickey, is quite an attractive girl. Mr. Reynolds is a son of Mr. J. T. Reynolds, a well known dry goods merchant, and is a splendid young business man. After the marriage Mr. and Mrs. Reynolds went to Torrent for a short stay.

SPORTING NEWS LETTER

By C. H. ZUBER.

Cincinnati, July 21, 1911.—Local followers of the game are on the qui vive for the return of the Reds to their own pasture next Sunday, July 23. They are wondering just what sort of line-up will be offered, and whether Manager Griffeth, who has been at the steering wheel of the locals for nearly three years, will be out on the third base coaching line in uniform, as of yore. The past two weeks have been extremely strenuous ones in the history of the local team, and it would not be surprising to see considerable new talent offered the public for inspection when the first game after the present trip is called on the local lot on Sunday, with those strenuous Cardinals opposing the Reds. Rumors have been numerous as to prospective changes, and while none of these reports have been verified as yet, there is likely to be something doing along those lines before Sunday. One thing is certain—the owners of the Reds are not satisfied with the manner in which results have not been obtained of late, and the lovers of the sport can be certain that the last half of the season will see a much higher grade of sport offered by the Reds than was vouchsafed them during the earlier portion of the season.

The best drawing card in the National League today is the aggregation over which Roger is holding the reins. When the season opened the St. Louis team was not taken seriously. It was made up of a number of men who had been gathered here and there in the big leagues with a sprinkling of comparatively unknown youngsters. A place near the end of the line was the best that was picked for the Cardinals. But with the cast-offs playing a better game than heretofore, and with the unknown pitchers delivering a superior and consistent grade of goods, the Cards have been moving right along, and now are so near the top that they must be considered in the race for the flag. The fact that the team contains quite a number of players who were formerly Reds makes their advent here doubly interesting, and the fans will flock out to see them during their engagement here, as well as to see what changes the local management contemplates in the team's line-up in order that it may make a hot finish.

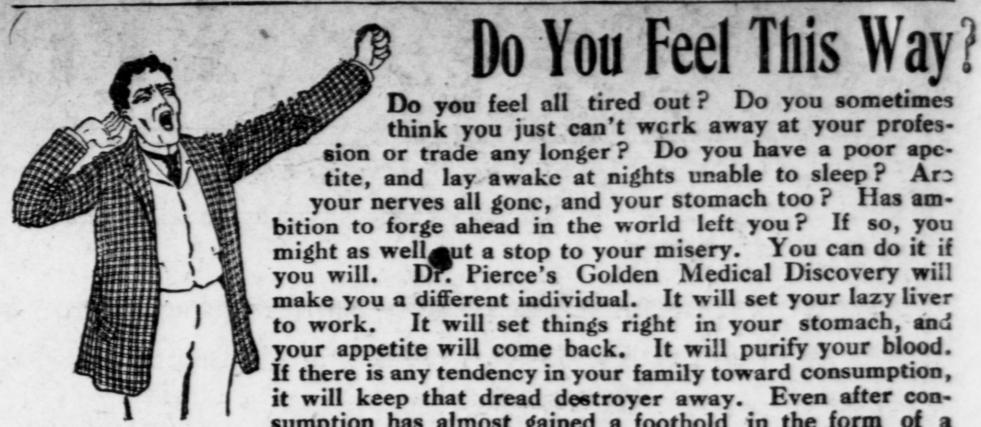

It is doubtful if any pitcher ever had the Irdian sign on an opposing team with greater persistency and consecutiveness than has Christy Mathewson on the Reds. The locals have not won a game from this mighty twirler in nearly three seasons, he having a total string of twenty consecutive victories over them, with not even a tie-game to break the monotony of the defeats. There is no doubt that Mathewson is the big noise in keeping the Giants near the top of the heap, and his work this season indicates that he still has some good work left in him. Mathewson expects to add to his record over the Reds when the New Yorks come next week, following the Cardinals. The Brooklyns will succeed the New Yorks as local victors, one of their games being scheduled for Sunday, July 30, while the Phillies will wind up the second visit of the Eastern teams with a game on Sunday, August 6, and three games subsequently.

Our chocolate-colored friend, Jack Johnson, seems to be out for the coin in real earnest during his present visit to the British possessions. Following the announcement that he will fight Paddy Curran, the Irish champion, for a purse of \$25,000 and a side bet in August, comes the additional news that he has signed up to do battle with Bombadier Wells, the English heavyweight champion for a purse of \$40,000 and the world's championship, this battle to take place in England in September. Johnson must be pretty confident of walloping Curran, for he did not hesitate to make the match with Wells without any stipulations regarding the Curran battle. Betting will be all in favor of Johnson, despite his immense overweight, for neither Curran nor Wells has ever shown reason to be considered in the same class with the colored man so far as fighting is concerned.

Both Packey McFarland, the American, and Freddie Welsh, the Welshman, are anxious to take from Ad Wolgast his honors as lightweight champion of the world. Both have sent in challenges, Welsh's being backed by some \$20,000 put up by his British manager, while McFarland claims to have as much money at his command as Wolgast can cover. There seems to be some doubt as to McFarland's ability to make the lightweight limit of 133 pounds, but he himself declares that he can do it, and that he'll weigh in or below that figure if the proposed Thanksgiving Day match is arranged. Wolgast says he's willing to meet both men in turn, and to give Owen Moran, who is complaining of his recent defeat, another chance also.

A 25-cent trial bottle will start the cure and give you instant relief.

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice.

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contain no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

Zeke is Again In Bad.

Zeke Wilson, well known in the Blue Grass League, where he held the indicator, later becoming a member of the Lexington club and also as an official was the offending principal at a Sunday game here two years ago, causing considerable feeling resulting in almost a riot in which the umpire was worsted, is again in bad. A news dispatch from Ironton, Ohio, says:

"Directly following this afternoon's ball game Umpire Zeke Wilson, whose decisions were flagrantly adverse to Ironton, was surrounded by a large crowd of boys and men and assaulted by several men but not seriously hurt. Manager Benny, Judge Corn and other Ironton citizens came to his rescue and accompanied him to the car line, where he was arrested for striking Carl Heiner, of the local team, with his mask, while Heiner was trying to defend him at the park. Wilson was released under \$200 bond until tomorrow afternoon."

Lexington Player Married.

Left Fielder Charles B. Ellis, of the Lexington base ball club, was married Wednesday morning to Miss Jennie Berry Wills, of Winchester. The ceremony was performed by the Rev. I. J. Spencer at the home of James Vallandingham in Lexington, another member of the Colts' team. Ellis took part in the base ball game Wednesday afternoon between the Lexington aggregation and the Paris team.

Paris put the kibosh on the Colts Tuesday afternoon at the local yard by a score of 9 to 1. The game was full of heavy hitting and errors were plentiful.

The Colts could not connect with the benders of "Cyclone" Jack Schenberger, who celebrated his return to the Bourbonites by winning his first game.

Paris counted five times in the initial inning, as the result of three singles, one a bagger, a three bagger and a wild throw by Sewell. The Bourbonites also scored twice in the fifth when Harrell walked and scored on Mayer's three base hit to center. Mayer scoring on an out made by Barnett.

Paris added another in the sixth, and one in the eighth, Lexington getting their only run in the seventh, when Schneider singled to right and scored on a three base hit by Viox. The score:

The Colts again Wednesday and another bitter defeat [for the Sheets-Yancey aggregation. The locals won handily by a score of 11 to 4, and the game was marked by the heavy hitting of the Bourbonites.

Schneider was sent in to do the work on the firing line and was shown no mercy by the determined McKernan tribe.

Jimmie Hauser, who opposed the husky Dutchman in a contest in Lexington several weeks ago and which was won by Paris in the eleventh inning showed his class and kept the Colts guessing.

The locals counted one run in the first session. McKernan was called out at the plate for leaving third before a fly from Barnett was caught, according to the judgment of Umpire Barrett and a protest resulted in the Bourbonite manager being ejected from the game and ordered to the bench.

The absence of McKernan did not hinder the locals and in the fourth counted two more which gave them the lead. The seventh was a veritable slugfest and when the dust cleared away the Paris team had batted around seven runs and seven runs had been counted.

This killed the hope of Lexington as Hauser was going strong and nothing short of a miracle could have put them in front. Paris added another in the ninth and assisted by errors Lexington counted two.

Barnett distinguished himself by putting the ball over the fence twice and Maxwell also clouted one out of the lot. The score:

Neale on the Job.

President Wm. Neale seems to be determined to break up squabbling between the Blue Grass League players on the field and has sent out the announcement of fines assessed against Pitcher Burden of the Winchester team, and Second Baseman Kimbro of the Lexington team, for the fight in which they engaged in Lexington last Saturday. He also fined Umpire Alloway for not chasing the two combatants from the game.

Golden on Suspended List.

Roy Golden, the big right hander formerly of the Blue Grass League, who has registered such a miserable failure as a member of the St. Louis Club, has been indefinitely suspended by Manager Bresnahan. The suspension was slapped against Golden after the big pitcher and Manager Bresnahan had held a lengthy conference.

In announcing his suspension Manager Bresnahan says Golden is being punished for his failure to keep in condition. While serving his sentence Golden must stay with the club and work out every afternoon. He will draw no salary, but while on the road his expenses will be paid. Golden has registered five successive failures since the club left home.

The August Woman's Home Companion.

One of the most interesting things in the August Woman's Home Companion is an article which reports the girlhood of Mary Garden, the famous grand opera singer. The article is one of a series just beginning which is to treat of the girlhood of a number of prima donnas. The present article contains a thrilling account of Miss Garden's first great public appearance in Paris. It was a sudden call into an important part, and the young woman made herself famous in a night.

"How I Sold My Daughters," is the title of an extraordinary piece of self revelation by a mother. "Art in America" is an interesting illustrated series by George Alfred Williams. "What a Man Expects of a Girl" and Margaret E. Sangster's talk on youth and old age are notable features.

Unusual fiction is contributed by Zona Gale, Fannie Heaslip Lea, Dorcas Davis, Frederick M. Smith, Mary Hastings Bradley, Harriet P. Spofford and others.

On the practical side are several important contributions in addition to the regular fashion and household departments. Dr. Jean Williams' article on "Home Sanitation" will be found valuable to the home makers everywhere. "Water Sport for Girls" is a most entertaining article for the gen-

eral reader as well as for beginners at swimming. "Summer Dances and Parties" and "Outdoor Games for Boys and Girls" furnish many ideas for entertainment.

Opening the Old Wound.

The bitterness between Senator Heyburn, of Idaho, and Senator Williams, of Mississippi, on the subject of the Confederacy, broke out anew in the Senate Tuesday. Senator Heyburn objected to the taking up of a bill appropriating \$100,000 for a Confederate naval monument in Vicksburg.

Senator "Bob" Taylor, of Tennessee, took up the issue in defense of the South and scored the Idaho Senator.

"The war is over," he said, "time has pulled down the forts and healed the wounds. The men who wore the gray delight to honor the men who wore the blue; but they do not delight to honor the men who never smelt powder, and who stand here and unlimber their batteries of bitterness against the simple proposal to erect monuments to Southern heroes."

Ex-Bourbon Dies in Chicago.

A Chicago paper of recent date tells of the death in that city last week of Isaac W. Harrison, a native of Bourbon county, who lacked only six months of being 100 years old. Mr. Harrison was born on what is now known as the Burbridge farm, "Brooklawn," on January 20, 1812, and may be remembered by some of our older inhabitants. He afterwards lived in Carroll and Woodford counties, and then moved West, first to Davenport, Iowa, and later to Chicago.

Vocal Soloist at the Grand.

Manager Porter, of the Paris Grand, announces the engagement of Miss Birdie Wollstein as vocal soloist beginning next Monday evening. Miss Wollstein possesses a voice of rare excellence. Miss Wollstein's selection for Monday evening will be "Song of the Soul," from "The Climax."

Held to Grand Jury.

Before Squire L. J. Fretwell Wednesday, Bev. W. Dorsey, of Hutchinson, charged with receiving stolen property waived examination and was held to the November grand jury in the sum of \$300 bond.

Sam Chenault, charged with chicken stealing, was held to the grand jury, in \$300 bond, and the case of John Jefferson, charged with the same offense, was dismissed.

The case of Harry Barton, was continued until Wednesday.

The trial of the three negroes and Dorsey was the result of the capture of Lawson Holman, a negro, of Hutchinson, who was free upon and wounded by Joe Jacoby while the negro was in his chicken house, and later captured by Sheriff Thompson.

At his examining trial a few days ago Holman, who was also held to the grand jury implicated Chenault, Jefferson and Barton as being accomplices in the practice of stealing chickens and they disposed of the purloined fowls to Dorsey. The arrest of Dorsey followed and he was placed under bond for his appearance at the examining trial.

Dr. Keller Replies to Democrat Article.

The editorial in the Paris Democrat of July 16 is perhaps all right in spirit, yet is entirely misleading.

The Paris Distilling Company has nothing whatever to do with the bad odor of the water recently noticed by the citizens of Paris, and coming through the filtration plant of the Paris Water Company.

This matter was suggested to the Health Board during the latter part of the winter, or early spring, by the editor of The Democrat. I immediately took up this subject and made a careful examination of the Paris Distilling Company's plant, no part of which was overlooked.

The only possible chance for a contamination of Stoner would have been by a small stream running through the property and emptying into the former stream near the Maysville bridge. This little branch was the object of special care, having followed it from the distillery to its outlet. There was no evidence of any material, foul, or otherwise, being or having been carried by it.

The authorities there could have had no knowledge of my visit, and had they, it would have been utterly impossible to have done away with plain evidence of neglect or wilful carelessness.

At the same time, I visited the hollow ground about the plant, on the Hinton farm, where the excrement from several hundred cattle was deposited. Within two large natural basins only the liquid part of this waste was thrown, it being carefully separated from the solid which was scattered about the farm, there to become part of the soil and inert. It has been contended that these basins are connected each with the other. They certainly are not visibly so connected; personal inspection indicating to the contrary.

If there is a subterranean route would be in the immediate neighborhood of the Maysville bridge, the general topography of the ground leading to such conclusions, and this, too, one mile below the filtration plant.

I give it, then, as my opinion, that there is no connection whatever between these two pools of effete stuff and Stoner, much less even a possibility of coming in touch with the filter plant.

I personally followed and carefully inspected the left bank of Stoner for half mile above the bridge and to the dam below, where if there was possibility of pollution, it might have been expected. Not one thing was found to convince me that pollution came from this source. Then, too, the odor gotten into the water pipes was not such as might have been expected had the above been the cause.

These statements, I think, should disabuse the minds of the public that there is any danger from the Paris Distilling Company's plant. However, the State Sanitary engineer will visit Paris during the summer and go over this property, the Water Works Company's plant, and all other matters properly coming under the supervision of the local and State Health Boards.

Here, too, I desire to say, that after shutting down the Paris Distilling plant, I made two or three visits with the County Health Officer, and together, we suggested that large quantities of lime, copperas, etc., be used, and they were freely used, not only on all effete products, but upon the premises generally.

As to the delinquency of the Paris Water Works plant, I am not entirely prepared to say. I do know, however, that just as soon as the Superintendent's attention was called to the malodorous condition of the water over the city generally, he immediately had all the filters emptied, cleaned and properly refilled with fine crushed rock, sand and gravel, such material as is ordinarily used in all well regulated filtration plants.

As Secretary of the Health Board, I am free to admit that my knowledge of a filter plant is an imperfect one; my connection with it being so limited. As said in a former communication, the bad odor of the Paris water supply was most likely caused by excessive heat, low water, vegetable decay, and high water in some of the streams tributary to Stoner; and now, that this matter has had time to settle, you will notice the absence of all bad odor.

It will be strongly urged on the Paris Water Works Company to keep on hand in the future necessary sand, rock and gravel, and to clean filters, refill with fresh sand, etc., as often as required under the local and state board regulations.

The local Board of Health wishes it distinctly understood that no interest, foreign or domestic, will be for an instant tolerated if guilty of disobeying its laws.

No favorites are played here.

Respectfully,
A. H. KELLER,
Health Officer.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it to be a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonial.

Gentlemen:

Send me six boxes of Bloodine Blood
and Kidney Tablets. They have helped me more
than any remedy I have ever taken. I am old,
ruptured and I suffer much from Kidney and
Bladder Trouble. I have only a few doses left
of the sample box you sent me, so kindly send
Tablets pronto.

Yours truly, Thomas Taylor, Adams, Ill.

FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsi is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not to take Dr. Caldwell's

Syrup Pepsi. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsi several times a week until the system has settled to its future condition.

Among the strongest supporters of Dr. Caldwell's Syrup Pepsi are Mr. W. G. Zorn of New Decatur, Ala., and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

Address him Dr. W. B. Caldwell, 402 Caldwell building, Decatur, Ill.

The Medicine Bottle.
In order to avert the most serious thing of having a child take the wrong medicine, mothers should adhere to the following rules:

Never give medicine in the dark.
Always read the label on the bottle.
Never go by the color of the medicine.

When the bottle is refilled see that the label reads clear.
Keep poisons locked up.
Keep all bottles locked up in a drawer or medicine chest.

Mistakes of giving children carbolic acid and such like poisons in the night-time make it imperative that mothers study and adhere to these rules, for sometimes such inadvertent mistakes bring about terrible conclusions.—Cincinnati Commercial Tribune.

In an English Hotel.
Proprietor (addressing porter)—Was the American pleased with his room, William?

William—Now, I wouldn't hexactyly say that, sir. 'E looked as if there might be something that wasn't just to 'e's liking, but I gathered from 'e's remarks that 'e found it unusually comfortable.

Proprietor—Well, what did he say about it?

William—'E said it was cowlder than 'ell, sir.—Judge.

A Wiseacre.
Tommy—What is an acre, dad?
"Four rods."

"What is a rod, dad?"

"Forty square rods, poles or perches."

"What is a wiseacre, dad?"

"One who keeps a spare rod, pole or perch to apply to a boy who asks useless questions. Fetch me my cane!"—London Answers.

Off the Line.
"What became of Buts' educated goat?"

"He had to dispose of it."

"What was the trouble?"

"The neighbors thought the goat was learning too many human accomplishments, and there was a crisis when the animal began to take in washing."—Augusta Herald.

Evidence.
"Was your husband a bear in Wall street?"

"I think so," replied young Mrs. Torkins. "He certainly acted like one when he got home."—Washington Star.

A Young Cynic.
Tom—They say that every woman is beautiful in some one's eyes. Do you believe it? Jack—Certainly, if you include her own.—Boston Transcript.

Grandeur has a heavy tax to pay.—Alexander Smith.

Two Sides to a Crime.
It is all part of our tendency to be kind and considerate to lawbreakers; to think of the family of the man who has killed somebody instead of considering the family of his victim; to lay stress on the devotion of the relatives of the man who has looted a bank, rather than to take into account the broken depositors and their sharp sufferings. Hence the general approval of the fantastic extension of the pardoning power, which meets with no real, sane disapproval.—New York Evening Sun.

Wanted the Saliva.
A woman living in a small town near Butte, Mont., purchased from an art dealer there a water-color outfit, with printed directions for its use. These directions included, among other things, instructions to moisten the brushes for the first time with saliva. In a day or two the dealer received the following note: "Dear Sir—The outfit is complete as ordered, except the saliva. Yours truly, Mrs. Blank."

Ink Stains.
I accidentally spilled a bottle of ink on a fine lunch cloth, and after using lemons, butter and vinegar could not remove the stain. I then tried peroxide of hydrogen, putting a ten-cent bottle into a pail of cold water, put in the lunch cloth, and let it boil until every trace of the stain was removed. This is a sure way of removing ink stains.—Exchange.

Her Countenance.
"Miss Wadsleigh seems to have such a mobile countenance," said Mrs. Oldcastle. "Mobile!" her hostess replied, as she glanced at her box tickets for the opera, "I thought it was at Biloxi where she got it."

His Amusements.
"When I go to a theater," said the cynical boaster, "I prefer a seat in the first balcony. If the play is of no account I can amuse myself by studying and comparing the shapes of the men's heads down below."

Who Ever Did?
It is a goodly thing to die with the blessed consciousness of never having taken advantage of another's infirmity, or poverty, or ignorance.—Henri Perreyve.

Trunk Coverings of Seal Skin.
The skin of the common harbor or marble seal is still used to some extent in Norway for trunk coverings. This seal is also found on the coasts of the United States, especially on the Pacific side.

Derivation of Aluminum.
Aluminum derives its name from the word, "alumen," given by early scientists to earthly substances which they could not otherwise identify.

Anticipation Is Worst.
It is better to suffer and have it over than to fear.

Life.
Life is extraordinarily interesting. It is a splendid thing to be born; it is a splendid thing to live.—The Bishop of Southwell.

Have the Same Qualities.
Bananas and potatoes are very much alike in chemical composition.

and Energy.**

**Report of the Head Physician in
a Leading New York Hospital
on the Cure of Catarrh.**

"A few years ago we considered that we were doing well if we cured ten per cent. of the cases of catarrh brought to us, but since the introduction of 'Bloodine' into our hospital we cure more than 90 per cent. of all the cases of Catarrh in its various forms brought to us. Catarrh of the Eyes, Catarrh of the Head, Catarrh of the Bladder and Urethra, Catarrh of the Larynx, Pelvis Catarrh, Catarrh of the Throat, and Catarrh of the Stomach are quickly cured with 'Bloodine.' It builds new tissues, gives new energy, new life, new blood and strength to any part of the body attacked by the Catarrhal germs."

'Bloodine' is a powerful tonic, nourishing food medicine, composed of valuable tonic stimulants obtained from vegetable drugs. 'Bloodine' contains no narcotics or other dangerous drugs which merely deaden pain temporarily, but give no permanent relief or cure the cause of your disease. 'Bloodine' is a powerful body builder and blood maker; it is the best remedy known to the medical profession to enrich thin, watery blood and supply new, rich red blood to the whole body.

FREE. To prove the wonderful merits of 'Bloodine' we will mail a large sample bottle for 10 cents in silver or stamps for postage.

NEW CENTURY BINDER

This binder has a world-wide reputation. In every grain growing country under the Sun it is said to be the best yet by all who use it or see it work. The features that appeal most to its users are:—lightness of draft; hardness of operation; durability of construction; ability to do perfect work in any kind of grain; accuracy and sure work of knotted; absence of neck weight and wide draft. The New Century is the latest type of binder, made by the people who gave the world its first successful binder, and now give it its most successful one—a binder that

will do work no other machine can do.

It is constructed on principles and from materials that insure more work, better work, longer life and reduced repair bills with less loss of time. We'd like to send you our free catalog describing it in full before you decide on which binder to buy.

ALL MY PIMPLES GONE

Girl Tells How a Blotchy Skin Was Cleansed By a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Altamahaw, N. C. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of Eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25-cent bottle will give you positive proof of the wonderful effectiveness of this great remedy.

Prof. W. Y. Demoree, of Louisville, who was connected with the Kentucky Wesleyan College in its latter days at Millersburg was here Monday shaking hands with old friends. He was met by his niece, Mrs. Calla Throckmorton, of Mt. Olivet. After spending the day here he returned with her home.

A small blaze was discovered Wednesday morning at 9:30 o'clock on the roof of the residence of Mrs. Mary Payne. The fire originated from a defective flue. It was soon under control. No damage was done except a small place burned in the roof. A few weeks ago the building was threatened from the same flue.

The Womans Missionary Society of the Methodist church held its meeting on the M. F. C. lawn Tuesday afternoon beginning at 4 o'clock. It was an interesting meeting and the greater part of the members were present. Interesting talks were made by Miss Lottie Vimont, of Des Moines, Iowa, on "Mission Work in South America" and Miss Louie Bruer, of Paris, on the "Home Mission Work." Ices and cakes were served during the afternoon.

The many friends of Mr. T. D. Judy will regret to learn that he is not so well. Wednesday he underwent an operation at the home of his brother-in-law, Dr. S. H. Crayton at Indianapolis. The trouble with his head has been growing more serious ever since he left home. Four specialists were with him during the operation. He is now doing nicely.

It was later learned the condition of

Mr. Judy was more serious than first expected at the first operation and he was taken to a hospital in Indianapolis yesterday where a second operation will be performed in the hope of locating the seat of the trouble which the first operation failed to disclose.

King, pastor of the Christian church at Glasgow and some years ago was pastor of the church here. Prior to this he served the church at Carlisle and during their sojourn in Carlisle and Millersburg made many lasting friends. Since leaving here they have made annual visits to this place. Mrs. King had been an invalid for several years, and passed away Tuesday in a hospital at Nashville, Tenn. The deceased made all of her funeral arrangements and requested that she be buried at Carlisle, and had the officers of the Christian church at Millersburg act as pallbearers.

Drought Becoming Serious.

Alarming conditions prevail in Bourbon county as a result of the drought. Corn and tobacco are suffering and vegetation of all kinds is perishing for want of rain. A lack of moisture is greatly damaging fruit. Stock water, too, is becoming very scarce.

Burley Tobacco 61 Per Cent this Year.

The Department of Agriculture's report on the condition of tobacco shows that for the Burley district the percentage of last year's acreage is 61, a total of 186,000 pounds.

The condition in 1911 is 70, for 1910 84, for 1909, 94. The total acreage in Kentucky is 310,500, 66 per cent of last year.

Other districts range from 60 to 70 per cent in condition.

Has Six Appointments.

Miss Mabel Robbins, County School Superintendent, has six appointments to the State University at her disposal, which will be given to those young men or women who desire to avail themselves of this splendid opportunity to take a college course absolutely free. The students who would receive these appointments would be at no expense except for books and board, everything else, tuition fees, etc., being furnished without price. Bourbon Regent Sold.

W. O. Carrick, of Scott county, sold his good bay gelding Bourbon Regent to Otto Zahn, of Memphis, Tenn. This horse was shown last year as a three-year-old and was a prominent winner at all the fairs and at the Illinois State Fair where he was exhibited by Ball Bros. He is by Bourbon King out of Zelma by Highland Denmark and second dam by Chester Dare. He is one of the handsomest and best mannered geldings that ever left Kentucky and is sure to give his new owner satisfaction.

Highly Qualified.

The Danville Advocate says: "Hon. Robert L. Stout, Circuit Judge of the Bourbon, Scott, Franklin and Woodford District, was in the city today mingling with many friends. He is one of the finest men as well as one of the best Circuit Judges in the State of Kentucky and some of these days his admirers in this district will have the pleasure and honor of voting for him for the Appellate bench, a position he is eminently qualified in every way to fill."

Population Center Moving Westward.

The center of population of the United States is four and one-quarter miles south of Unionville, Monroe county, Ind., according to a Census Bureau announcement. Since 1900, when it was six miles southeast of Columbus, Ind., it has moved thirty-one miles westward and seven-tenths of a mile northward. The westward movement was more than twice that of the 1890-1900 decade. This acceleration of the westward movement is attributed by census officials principally to the growth of the Pacific and Southwestern States.

The geographical center of the United States is in Northern Kansas, so that the center of population, therefore, is about 550 miles east of the geographical center of the country.
